

CASAS DE LUZ WITH FARO DE LUZ

# Feed the Future

**HELP PROVIDE OUR STUDENTS WITH THE FOUNDATION FOR A BRIGHTER FUTURE BY FUELING THEIR BRAINS FOR LEARNING.**

**VENMO @FARODELUZ**

**\$5 lunch for 1 week for 1 child**

The Covid-19 pandemic has exacerbated the extreme poverty experienced by families in the Faro de Luz community. Parents are left without jobs and search the streets for plastic bottles and cans to sell for little money. Most families are only able to eat one meal a day and our young students need more. Families have been left without resources for distance learning, putting their education and futures at risk. With no food in their bellies, it is hard for our young students to focus on learning. We need your help to provide a nutritious meal to fuel their brains for biweekly tutoring and access to classes.
